Mastery

Enhancing student achievement and
data literacy

Planning for Success

Lavallee School Plan 2019-2020

1

Belonging

All students will demonstrate knowledge and well-becoming and be able to reflect on their own personal wellness.

All staff will demonstrate the principles of equity and inclusion for all students. Staff will demonstrate a common understanding of well-becoming and the knowledge and skills to model and facilitate learning.

All parents/guardians will demonstrate involvement in the child's school community and support a culture of learning and well-becoming.

2

Mastery

All students will demonstrate evidence of increased achievement in learning.

All staff will demonstrate increased collective efficacy around data driven instruction to support inclusive educational practices.

All parents/guardians will support student learning and be provided with opportunities to strengthen their understanding of data literacy.

3

Independence

All students will demonstrate active engagement in learning and develop a clear understanding of their role in learning and assessment.

All staff will engage in evidence informed practices to support student engagement. Staff will actively support varied experiences in the school community.

All parents/guardians will demonstrate an understanding of their shared partnership and role as it relates to student and community engagement.

4

Generosity

All students will demonstrate care and concern for members of the school community, valuing diversity and embracing opportunities for agency and voice.

All staff will demonstrate an increased understanding of indigenous education and demonstrate care and concern for member of our diverse community while increasing cultural awareness.

All parents/guardians will demonstrate support for the value of diversity and world views including indigenous education and cultural awareness.
