SUBJECT	N.E.P.N. CODE
<b>SUPERVISION: EDUCATIONAL LEADERS</b>	<b>GCNB</b>

### I. POLICY

The School Division believes that the ethical and effective use of influence and authority, by members of the teaching staff appointed to positions of educational leadership, is critical to school-based planning priorities that derive from the Vision, Mission and Values of the Louis Riel School Division.

Accordingly, the Division strives to maintain the high standard of leadership capacity supported through mentorship, supervision and formal evaluation of its appointed educational leaders, for the following purposes:

- assessing and evaluating the performance of the Division’s appointed educational leaders at regular intervals by the Superintendent of Schools or designates(s) to maintain systemic integrity
- supporting educational leaders’ capacities for self-reflection and planned professional growth through a developmental mentorship process
- supporting the capacity for goal setting that is appropriate to the needs of the educational leader and the specific requirements of the leadership role through formative feedback

The Division therefore believes that ethical and effective processes of supporting educational leaders are characterized by trust in their inherent capacity for and commitment to professional growth, and to honouring their assigned roles and responsibilities.

### II. GUIDELINES

### 3.3. Arranging for specific professional development in the area of difficulty.

If the Superintendent of Schools or designate(s) comes to believe that there is a continued pattern of difficulty in which the educational leader needs to take some further responsibility, the Superintendent of Schools or designate(s) needs to arrange for a process to ensure clear expectations, and observance of improvement.
