

Our Vision is for all members of our community to excel as caring, confident, capable and resilient life-long learners who contribute to a democratic and sustainable world.

Our mission is to provide a safe, inclusive, and engaging environment, where personal and collective learning and growth is valued, and each one of us reaches our full potential.

Each year, schools in Louis Riel School Division prepare a report to the community that summarizes and gives a brief glimpse of the year’s learning opportunities, events, and activities for students, staff and the community. We are pleased to provide you with a few of this past year’s highlights.

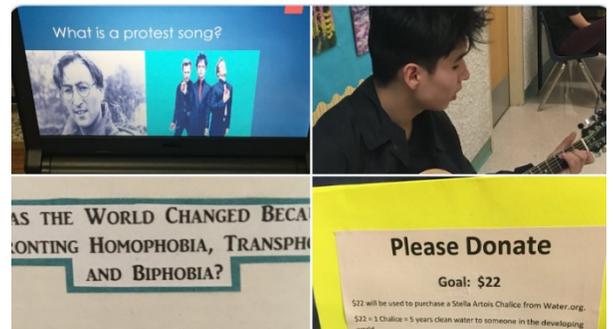

Learning Goal for 2018-2019

Students participated in a variety of opportunities to apply principles of citizenship and social justice in authentic real-life experiences.

- Roots of Empathy ■ Seven Teachings ■ Student led assemblies ■ Field trips
- Orange Shirt Day ■ Treaty education ■ Student presentations ■ Music, dance displays
- Intergenerational opportunities ■ Zones of Regulation ■ Middle Years Explorations- Project Based Learning ■ Teams ■ SOS- Sources of Strength

Students showcasing deep questions about important human rights issues. Students demonstrated their commitment by making action plans.

Recognizing International Women's Day by celebrating the accomplishments of some amazing women. What women do you look up to?

Intergenerational Opportunities- Grandparents Day

Zones of Regulation

Student led assembly

Learning Goal for 2018-2019

Students of all grade levels participate daily in opportunities created to promote a lifelong sense of curiosity, a passion for learning, and an appreciation of the power and beauty of literature, language, math and multiple forms of text.

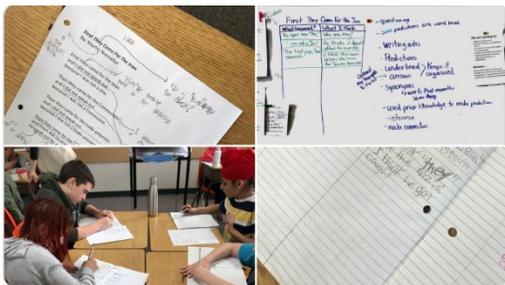

What's hiding in the mitten?

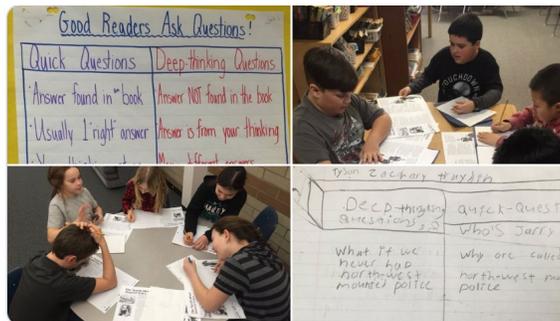

Our youngest learners love guessing the beginning letter sound of all the objects!

Students practicing summarizing skills using #aurasma aka #HPReveal and #DolinkTweets

Talk to the Text and then transferring thoughts and evidence to a double entry journal in Grade 5/6.

Our dreams are inspired by a fascinating book about patterns in nature.

Math Club

Learning Goal 2018- 2019

A whole school approach involving collaborative multi-dimensional planning began with a focus on three-tiered planning for student success, strength-based practices and [comprehensive school health](#). These are multi- year goals which over a long period of time will be most effective in sustaining a safe and caring school environment.

We hope you enjoyed H. S. Paul's 2018-2019 Annual Report to Our Community.

At H.S. Paul School we see the sharing of our learning – whether through this report to the wider community, our daily [Twitter](#) updates to the public, [student conferences](#) with families, or our annual divisional [LRSD report](#)– as a way that we build a shared understanding of what it means to embrace lifelong learning.
